Should I Report to School?

1. Do you have COVID-19 symptoms?
   - No, I do not.
   - Yes, I do.

2. If yes, stay at home, monitor your temperature, contact your healthcare provider for evaluation and testing. You may return to school IF your symptoms subside and you have been fever-free for 24 hours without any fever-reducing medication.

3. If no, have you been in contact with someone who has tested positive for COVID-19?
   - No, I have not.
   - Yes, I have.

4. If yes, have you been exposed as a close contact? (Close contact is defined as being within 6 feet of an unmasked person who is positive for COVID-19 for 15 minutes).
   - No, I was not, but there was a confirmed positive case in my class.
   - Yes, I was.

5. If yes, were you vaccinated?
   - No, I am not.
   - Yes, I am.

6. If no, stay at home and isolate for 5 days from your positive test date. You must be fever-free for 24 hours without fever-reducing medication before returning to school.

7. If yes, a negative test is not required to return to school. Individuals who are fully vaccinated are not required to quarantine if exposed to a positive COVID-19 case unless they become symptomatic. Fully vaccinated persons do not have to quarantine after exposure but it is recommended that they get tested. Return to school but monitor for signs for 5 days.
